

Subject Overview – 2022/23 – Layton Primary School

At Layton, we believe that learning takes place over time, resulting in a change in long term memory from Unconsciously incompetent to Unconsciously competent, and involves forgetting, revising, consolidating, extending and applying knowledge in a variety of contexts. To do this, children need to think deeply and critically about subject matter and engage with difficult concepts. Learning is, and should be, hard.

Impact

To develop wellbeing and good relationships.

To encourage discussion about feelings and experiences around the subject of RE.

Implementation

Use of tier three vocabulary and key religious terminology.

A selection of appropriate books for the RE reading spine.

RE

Intent

At Layton Primary School, our intent for Religious Education is to support, strengthen and challenge our children to develop a better understanding of the many religions that make up our modern day multi-cultural society.

We will inspire children to gain the knowledge and skills that are needed to explore these different religious beliefs and the challenging questions it can provoke.

Our children will use their understanding of RE, reasoning and their critical thinking skills to explore the different aspects of our local religions whilst applying this to global issues.

Committed RE curriculum leader.

Progression to build upon previous knowledge.

To improve understanding and combat possible prejudice about religious beliefs.

To prepare the children for the opportunities, responsibilities and experiences in later life.

Develop the children's own thoughts about local, national and global issues related to our continually changing multi-cultural society.

Visits to local churches, synagogue, mosque etc., and visits from different members of religious communities.

To understand RE is important and relevant to all of us.
